

SSE Targets 2019/2020

- i. **Embedding technology in the classroom:** “Bringing technology to the classroom, not the class to the technology”.
 - Introduction of the use of student smartphone under the supervision of the teacher. A Bring Your Own Device (BYOD) is being developed.
 - Flip Classroom Approach: ask students to explore options for technology apps, clips, etc. for a particular topic.

- ii. **AFL**

Focus on “formative feedback” strategies.

- First Years: Allow space for feedback opportunities.
- In class staggered written formative feedback: Strategy to build in to a class an opportunity for independent student work or pair work to allow for a space to provide written focused feedback on 3/ 4 copies where possible.
