

# Gortnor Abbey SSE Update

School Self Evaluation, Jesus & Mary Secondary School, Gortnor Abbey.  
Volume 1, Edition 1. December 2019

## Target Setting

TARGETS SHOULD BE:

- SMART
- SPECIFIC
- MEASURABLE
- ACHIEVABLE
- REALISTIC
- TIMED

### What is Formative Feedback?

Starting with our First Years, teachers will encourage students to use a feedback box or column where teachers can provide effective feedback, focusing on the quality of student work and suggestions for improvement.

### What can you do to help?

Encourage your student to read over any feedback and use it to make improvements to their own work.

Download and use the School App.

Read the AUP (Acceptable Use Policy) which will be sent out in the School App.

Watch out for our upcoming survey on *Digital Literacy in the Home* which will be sent out next term.

## What is SSE?

S.S.E. stands for School Self Evaluation. This is how we evaluate and improve our school. Every year our school community work together to identify areas of teaching and learning that we can improve on. The SSE team meet regularly to review and evaluate this process. In 2019/20 we have selected two targets to improve on. They are:

- Formative Feedback
- Digital literacy
